PEOPLE DON'T WANT TO BE HUMBLED BUT THEY ARE SOMETIMES

Quite a few farmers bought a batch of cheap, worthless, supposed-
to-be condition powder, and got stung by the slick tongued
agents they may never see again. They paid 12c a pound for
wheat bran filler and ground up oil cake, flavored with oils.
They fed it to their horses every day for months when they
could have fed the whole batch at one meal, without any good or
bad results, (as beyond the word humbug.) They don't know
that one bottle of

DR. HUDSON'S LIQUID CONDITIONER

is worth more than five pounds of the best condition powder
sold to-day. It has the powder beat a thousand ways. You can
give it on the tongue, in the feed, or in the drinking water. It
works like a charm, one tablespoonful twice a day. One bottle
lasts 16 days. Costs you just 50 cents, and the results are good.
Your horse will prove this. Will you give it a trial? It's sold
on a guarantee.

It's The Greatest Money Value of the Times. TRY IT.

Troste Names Committees.

The Town Council finished its re-
organization for the coming year on
Wednesday evening by electing John
Shealer chief of police, Thomas
O'Riley, the other police, and Edward
Newman, street commissioner.

Mr. Shealer and Mr. O'Riley were
elected unanimously and the salary of
the chief placed at \$45 a month and of

month. Mr. Newman will also have
the duties of sewer inspector which
are considered a part of his office.

There were three candidates for the
position and the first ballot resulted

agreed that the newly elected com-

tween the Prep campus and the prop-
erty of Mrs. Bair was ordered remov-

RELIEF FUND FOR FIREMEN

Gettysburg Fire Company Starts
Fund for Relief of Injured Mem-
bers by Laying Aside Three Hun-
dred Dollars. The Plan.

For the relief of firemen injured
while in the performance of their
duties and for the relief of their fam-
ilies should any meet death while fight-
ing fires in town the Gettysburg Fire
Department has started a permanent
fund which, it is hoped, may be in-
creased to a figure which will serve as
a comfortable protection to the mem-
bers and their families in the event of
any unfortunate accidents to the men.

The sum of \$300.00 from the general
treasury of the company has been set
aside as a start for this fund. The
principal will not be available and the
interest each year will be allowed to
accumulate so that there may be a
substantial fund for use when needed.

The money which has been set aside
has been received in previous years
from fair, donations, etc. It is hoped
that the fund may be increased so that
the annual income may be larger
each year.

In order to show their own approval
of the plan and willingness to make it
a success the firemen have assessed
themselves an annual fee of 60 cents per
member. Should public spirited citi-
zens care to contribute to this fund
their donations will be very gratefully
received.

Gettysburg's firemen have been very
fortunate in escaping injury at fires,
few of the members ever being in-
jured at such times. Should this good
luck not continue in the future it
will be very gratifying to have a fund
with which to help pay the firemen for
physician's fees and time lost. The
schedule of benefits has not yet been
determined upon but will be taken up
later.

QUIET WEDDING AT BRIDE'S HOME

Miss Laura Bream and Mr. George
C. Fissel Married Wednesday
Evening at Home of Bride on
Water Street.

Miss Laura K. Bream and George
C. Fissel, both of this place, were
quietly married on Wednesday evening
at eight o'clock at the home of the
bride on Water street by the Rev. J.
B. Baker, pastor of St. James Lather-
an church.

The ring service was used and the
ceremony was witnessed by only the
immediate families of the bride and
groom. There were no attendants.
A wedding supper was served and later
in the evening the newly married
couple went to Mr. Fissel's home on
East High street where they will re-
side for several days before going to
housekeeping in one of the new resi-
dences recently erected on West Middle
street by J. A. Tawney.

The bride is a daughter of Jacob
Bream. Mr. Fissel is the son of Sheriff
and Mrs. Fissel and in addition to
his duties as Deputy Sheriff is secre-
tary of the local Y. M. C. The boys
of that organization helped celebrate
the wedding by turning out in a body
headed by a pipe and drum corps, after
the ceremony and giving the bride and
groom a serenade.

HIGH SCHOOL PLAY

"Among the Breakers," will be
produced this evening by the Senior
Class of the High School beginning
promptly at 8 o'clock. Through the
generosity of the Alumni Association
the High School room has been fitted
up with a large stage, with suitable
scenery and stage fixtures that would
do credit to a small theatre. The boys
and girls have been well trained and
everything is in readiness for a first
class entertainment tonight. Last
night a full dress rehearsal was given
in the presence of about one hundred
pupils of the lower grades who
thoroughly enjoyed themselves. Larry,
the Irishman, who sues for the hand
of Biddy, and Scud the colored servant
are very prominent and furnish plenty
of amusement for the audience.
Throughout the entire play the humor-
ous and ridiculous are so well blended
with the tragic that all who witness
it cannot help being pleased and en-
tertained.

ARBOR DAYS FIXED

April 7 and 28 are fixed as the
Spring arbor days by Governor Tener,
who has issued a proclamation, in
which he says:

"In foreign countries, where large
areas have been entirely denuded of
trees, the frequency of floods, freshets
and famines has shown the evil effects
of the wanton destruction of forests.
Those governments which have estab-
lished rational systems of forestry have
thereby set an example worthy of imi-
tation by other states and nations. A
far-sighted policy of conservation and
reforesting should, therefore, be pur-
sued everywhere for the benefit of pre-
sent and future generations. If Arbor
Day is to be properly observed, trees
must be planted, and something of
practical value concerning trees should
be taught in the school and at the
home."

THE FLOWER OF THE RANCH

Messrs. LeCompte, Flesher and
Wade will present on Monday evening
at Walter's Theatre, Joseph E. How-
ard's greatest musical offering, "The
Flower of the Ranch." This deligh-
tful musical comedy, with half a hun-
dred artists, enjoyed most encouraging
stays in New York and Chicago, the
criterion of the theatrical success or
failure. The play is mannerly and
beautifully dressed, handsomely set,
richly costumed and admirably staged
by Joseph E. Howard. In fact, it is a
play all should see.

FREIGHT KILLS OTTER

An otter, a valuable animal seldom
seen in this section of the country,
was run over by a freight train on the
Western Maryland railroad near Edgemo-
nt. It was killed. The furs of
these little animals are very valuable.
The animal was found by a resident
of that section and taken to Hagers-
town where it was put on exhibition
in one of the stores at that place.

A thoroughbred registered Berkshire
sow with seven pigs will be sold at
Matthews' sale on March 22.

NO MORSE PARDON YET

Taft Won't Look Over Papers Until He Reaches Washington.

Augusta, Ga., March 16.—Papers in the C. W. Morse and John R. Walsh cases have been submitted to Mr. Taft, but he did not look at them. Instead he instructed that they be locked up again. He will consider the cases in Washington.

The message to the extra session will be written in Washington. As it is outlined now, it will deal with reciprocity, with a new recommendation for a permanent tariff board, with economy in the public service and perhaps will again commend a bill to preserve Niagara.

BOYS TRY TO HANG A MIMIC MEXICAN

Saved by Policeman and Army of Mothers.

Phoenixville, Pa., March 16.—Stories of the insurrection in Mexico and the recent mobilization of United States troops in Texas caused a number of small boys here to organize into "armies" for the overthrow and for the defence of the Mexican government.

This mimic warfare of the boys took a more serious aspect than has the revolution which they imitated, when a number of mothers and a policeman rescued one of the "rebels" from being hung in a churchyard as a spy. So serious were the boys that they resolutely fought against interference with their project and the "spy" was rescued only by superior force.

The boy who had been doomed by the court-martial to be hung is John Pierce, of Hall street. He is about thirteen years old and was a leader of the "insurrectos." Considerable feeling has existed between the two "armies," which were organized a couple of weeks ago, and during this time several battles have been fought in which sticks and stones were used freely and viciously.

When Pierce was discovered in the power of his captors, he was being dragged into the yard surrounding the Baptist church. Rope had been procured and fastened about his neck, and the plan was to swing him from a rafter in the wagon shed. A couple of women from neighboring homes rushed into the churchyard and another telephoned for the police. The rescue was finally effected by Police man Frank Beck and half a dozen mothers, who dragged their "warrior" home.

CARNEGIE TO GO ON STAND

To Tell Grand Jury of Loans to Trust Company.

SAID TO BE A HEAVY LOSER

Ironmaster to Be Called as Witness Against Company Bearing His Name. Robin to Be Made the Scapegoat.

New York, March 16.—District Attorney Whitman admits that Andrew Carnegie will be called to testify before the grand jury that is investigating the affairs of the defunct Carnegie Trust company.

"The books of the trust company," said Mr. Whitman, "show that Andrew Carnegie lent it vast sums of money. He never got it back, and I think it is doubtful if he ever will get it back."

"It is more than likely that Mr. Carnegie will be asked to tell the grand jury about these loans. He will be called, if the evidence shows that his testimony is necessary."

The district attorney also admitted that indictments were expected, but probably not before Friday. Scores of bankers are to be called upon to tell the grand jury what they know about the exploits of Joseph G. Robin in connection with officers of the wrecked trust company and certain officers of the city government.

"Has there been any suggestion to examine into Robin's sanity again?" Whitman was asked.

"No, there has been no suggestion for the appointment of a commission to examine Robin," he replied.

Whitman was then told of the considerable feeling of unrest downtown as a result of the uncertainty of the extent and possible effects of the disclosures that may be made before the grand jury. He then made his declaration as to Andrew Carnegie's interest in the Carnegie Trust company.

The witnesses before the grand jury were Tompkins McIlwaine, a law partner of Herbert Parsons, who was counsel for the Nineteenth Ward bank, and John V. Coggey, the Tammany district leader, who had been under subpoena for three days.

Another interesting development of the investigation now under way came through a statement made to the district attorney by William L. Brower, vice president of the Northern bank, who swore that he was told just before his bank got into trouble that Joseph G. Robin was to be made the scapegoat by the others involved in the various so-called Robin transactions.

NAGEL STOPS WEDDING

Refuses to Let Immigrant Girl Marry Man She Never Saw.

Washington, March 16.—Secretary Nagel doesn't intend to be a party to any young woman marrying a man she has never seen. He officially refused to do such a thing.

Nacka Huckzo landed at Ellis Island a few days ago to marry her cousin, Dominic Elliott. She had no money, but a promise of a position. The immigration inspectors balked at letting Nacka in unless her cousin would come to Ellis Island and marry her first. Then it developed that she had never seen her intended husband. Secretary Nagel decided that Nacka had better get her employment first and look Dominic over afterward, and then marry him if she wanted to.

CHILD MURDERED

Lured to Room by Man and Foully Slain.

Portland, Ore., March 16.—The body of Barbara Holtzman, a five-year-old girl, was found in a rooming house here by Mrs. Gertrude Nelson, proprietress of the house. The girl, who clearly had been murdered, was the daughter of a mechanic. She was sent to a butcher shop and did not return. Mrs. Nelson says that a strange man rented a room from her. The body of the little girl, partly disrobed, was found next day.

All locomotive cab windows on trains running through Somerset have been equipped with steel plates, and on every engine at least one road detective is stationed.

Run on Bank Ends.

Mount Holly, N. J., March 16.—The run on the Mount Holly National bank of the last few days has come to an end. This was caused by the circulation of reports which resulted in Frederick H. Lee, cashier, resigning his position at a meeting of the board of directors. The confidence in the institution has been restored.

MURDER SUSPECT ARRESTED

Young German Accused of Slaying School Girl in Asbury Park. Asbury Park, N. J., March 16.—Frank E. Heidemann, a German, twenty-seven years of age, was arrested on an Atlantic City express just before it pulled into the Red Bank station, charged with the murder of Marie Smith, the ten-year-old school girl, who disappeared on Nov. 9 last, and whose mutilated body was found four days later in the woods along Dead lake.

Heidemann was taken from the train, placed in an automobile and hurried to Freehold, where he was placed in a cell in the county jail.

In a confession alleged to have been made by the young German, he declares the murder was deliberate, and that his employer, Max Kruschka, had absolutely nothing to do with the crime. It is understood that Heidemann says the crime was committed where the body was found. Details of the confession haven't yet been made public.

Heidemann was on his way from Atlantic City, where he had been for some days, to New York, where he had planned to take a steamer for South America.

SAYS MILITARY SPIRIT IS DYING

New York Adjutant General Has Eleven Reasons.

Albany, N. Y., March 16.—Adjutant General Verbeck gave out a long list of reasons why recruiting in the national guard is growing more difficult each year. The statement was in answer to criticism of his speech recently at the dinner of the Society of the Onondagas, in which he declared the military spirit was at a low ebb in America.

His chief reasons given follow:

"The influences of Andrew Carnegie and his peace fund of \$10,000,000.

"The Lake Mohonk Peace conference and similar movements.

"The hostile attitude of women public school teachers for military drill and military spirit in schools.

"The hostility to things military by the Boy Scouts of America.

"The great tendency to commercialism and worship of the dollar.

"The large amount of time consumed by social obligations.

"The jealous hostility of the average wife to the amount of time that her husband must give to military affairs.

"The ridicule to which military officers are subjected.

"The large number of fraternal organizations that are permitted to wear gorgeous military uniforms.

"The general decay of military spirit in the country.

"The lack of education of the general public in regard to military affairs."

BOSS COX CLEARED

Cincinnati Boss Purged of Contempt Charge.

Cincinnati, O., March 15.—Judge Gorman dismissed George B. Cox, the Republican leader, of the charge of contempt of court in an opinion handed down in common pleas court. He said that he agreed with the finding of the minority of the bar committee, Aaron Ferris, who held that Cox was guilty of contempt, but in view of the fact that an affidavit charging prejudice had been filed against the judge by Cox, the judge said he would abide by the findings of the majority of the committee.

Bomb Wrecks a Dwelling.

Philadelphia, March 16.—A dwelling in the Italian section of the city was partially wrecked when a dynamite bomb that had been placed on the front steps, it is believed, by agents of the "Black Hand," exploded. The dwelling was occupied by Antonio Rossi, a prosperous merchant, his wife and five children. One arrest on suspicion was made.

\$200,000 in Lumber Burns.

Milwaukee, March 16.—The lumber yard of the M. Hilly Lumber company, Twelfth street and St. Paul avenue, was practically wiped out by fire. The damage is estimated at \$200,000, partly covered by insurance. Fred B. Clark, driver of truck No. 13, was killed by a fall from a ladder after having been overcome by the cold.

CONGRESSMAN PALMER.

Succeeds Guffey as Democratic National Committeeman.

GUFFEY IS JUSTED

Palmer and Guthrie to Head Pennsylvania Democrats.

Harrisburg, Pa., March 16.—James M. Guffey and Arthur G. DeWalt have been deposed from the leadership of the Pennsylvania Democracy, so far as the reorganization committee has power to oust them. In their stead Congressman A.

Mitchell Palmer, of Stroudsburg, and George W. Guthrie, of Pittsburgh, have been placed in the saddle respectively as national committeeman and state chairman.

The last session of the committee was the most tumultuous attempt at harmony that has been made in the past. It was a Democratic party for many a day, and factional fight, pure and simple, the four McCormick "insurgents" on the reorganization committee of seven against the three organization Democrats appointed by Mr. DeWalt to fight the attempt to out them and Mr. Guffey.

Steam-roller methods prevailed throughout. The vote was always 4 to 3, except once, when in the midst of the battle Charles P. Donnelly moved to adjourn. His colleague, Robert E. James, of Easton, voted to continue, saying that he might as well submit to the axe now as later.

Cabinet Officer Is Barred From Son. Chicago, March 16.—Walter L. Fisher, secretary of the interior, who was called from Washington because of the illness of his son Frederick, arrived, but was unable to see his son. The boy has diphtheria, and is in quarantine on the second floor of the Fisher home. The condition of the youth is not regarded as serious.

MEXICANS FIGHT ON U. S. SOIL

Over Boundary In Running Fight With Rebels.

DIAZ MAKES PEACE OFFER

Assurance Given That Big Estates Will Be Sold to People at Low Price at End of Revolution.

Calexico, Cal., March 16.—Firing from the American side of the international line, Mexican custom officials at Illegones sent a volley into the insurgents, the latter replying by firing across the line into the American town of Andrade. No one was wounded, so far as is known.

The imaginary line marking the southern boundary of California and the northern boundary of the Mexican state of Lower California has never been surveyed with final scientific precision, and the confusion as to its location which even scientific map makers have betrayed is probably an evidence of similar uncertainty on the part of Mexicans and Californians living in that section.

The controversy over the arrest of Blatt and Converse, whose release the United States government has requested, had the same origin as the incident reported in the Calexico dispatch. This is the first reported breach of the neutrality law by Mexican federal authorities. Many insurgents have been disarmed and arrested on American soil, either in flight from the federalists or while on the way to reinforce the insurgents. The federalists have carefully kept to the Mexican side of the frontier.

Diaz's Peace Offer.

Mexico City, Mexico, March 16.—President Diaz is said to have given assurance that after the cessation of the revolution the government plans to purchase and distribute among the people at a low price the big estates throughout the republic.

The application of Finance Minister Limantour's suggestion for such a division and sale of large estates for the benefit of the people was hinted at in a reply made by President Diaz to a committee from Metztlán, in the state of Hidalgo, who protested that their property had been seized by an irrigation company.

Americans Were Not Shot.

Mexico City, Mexico, March 16.—The government received a report of the battle of Casas Grandes in which the rebels were defeated by Colonel Cuellar. He states that he took forty prisoners, including seventeen foreigners, and that all these are receiving humane treatment.

The fifteen Americans captured at this battle and believed to have been shot are thus accounted for.

Colonel Cuellar confirms the report that he was wounded in the arm. He says that fifty-seven men were killed.

Mobilization of Troops Complete.

San Antonio, Texas, March 16.—With the arrival of the Ninth cavalry and the Fourth field artillery, both from Fort D. A. Russell, Wyo., the mobilization of the divisional army under command of General William H. Carter, which was ordered nine days ago, was completed. There are now between 15,000 and 16,000 troops of all branches of the regular army at Fort Sam Houston, ready to act upon any sudden contingency that may arise south of the Rio Grande or to fulfill the more sedate requirements of "manoeuvres."

SEARS PAYS PENALTY

Negro Put to Death For Murder of Minister and Wife.

Trenton, N. J., March 16.—A few hours before going to his death in the electric chair at the state prison, John Sears, a half-blood negro, started to write what he termed a history of his life. One of the features of his letter was a narration of the motives which prompted him to kill Rev. Anzi L. Armstrong, pastor of the Presbyterian church at Dutch Neck, and Mrs. Armstrong last Thanksgiving eve.

The electrocution of Sears was devoid of striking features. The half-blood had become partially reconciled to his fate, but had lost every particle of control before he was led into the death chamber. With closed eyes he shuffled along between two deputy keepers, who half carried him to the electric inspector and placed him in it, a limp and helpless piece of humanity.

10,000 Miners Ordered Out.

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Grew a Full Growth of Hair on a Bald Head

Here's the Proof

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

COUNTY DRY BY COURT'S ACTION

Huge Petition Caused Refusal of Licenses.

"BILLY" SUNDAY'S WORK

Four Breweries, Thirty-eight Hotels and Seventy Saloons Affected by Drastic Action in Lawrence County.

New Castle, Pa., March 16.—Every liquor license in Lawrence county was refused by Judge William E. Porter. Four large breweries, thirty-eight hotels and about seventy saloons are affected by the court's decision. The property interests involved are said to amount to \$6,000,000.

The action of Judge Porter is the most drastic ever taken by a license court in this county, and is believed to have been caused largely by the anti-saloon sentiment aroused by the "Billy" Sunday, the evangelist.

The popular interest in the saloon question was such that a petition, circulated by anti-saloon leaders, bore more than 30,000 signatures, and this protest was presented at the opening of the license court. Nine thousand of the 30,000 signers were registered voters.

Judge Porter is a Democrat, but was elected to office on the independent ticket in 1905. At the opening of his first license court he announced that he would be governed in the granting of licenses by local option sentiment in districts where it was so pronounced as to be dominant.

This makes three "dry" counties in the state—Mifflin, Greene and Lawrence. Judge Porter's decision goes into effect April 1.

The strength of the anti-saloon sentiment is shown by the fact that two thousand more voters signed the remonstrances than voted at the general election.

Judge Porter made no concealment of the fact that the ground upon which he refused every license in the county was based on the wave of popular opinion against the saloon. This frank announcement is construed by the attorneys for the liquor interests as an attempt to set a precedent and they say it opens the way for an appeal. Unless Judge Porter's decision is successfully contested, New Castle will be minus twenty-five saloons; Ellwood City will lose five, Mampum two and Enon Valley one. Ten wholesale houses in the county, located chiefly in New Castle, are affected.

TAFT MAY SUBMIT TREATY

To Ask Congress Enact Unlimited Arbitration Pact.

Washington, March 16.—When congress assembles in regular session next December, it is believed the president may be able to redeem his promise to submit a treaty with Great Britain providing for general and unlimited arbitration of all questions arising between America and Great Britain. Negotiations for such a treaty have been proceeding informally for a long time.

Only two practical difficulties have been encountered by the negotiators. The first is the insistence of the senate upon its constitutional right to pass upon each and every question to be submitted to arbitration, which, it is recognized, would involve a separate treaty in every case. The second obstacle is found in framing the declaration in favor of general arbitration, so as to exclude questions involving national policy.

Emphasis is laid on the statement that it is not contemplated to provide for anything in the nature of an alliance, defensive, offensive or otherwise.

Nose Puller Shot Dead.

Globe, Ariz., March 16.—George Shanley, capitalist and cattle raiser, was shot and killed by City Marshal Anderson, while they were at a supper with friends in a Chinese restaurant. During a quarrel Shanley pulled Anderson's nose "Do that again and I'll kill you," Anderson is said to have yelled. Shanley repeated the nose pulling, and the next second a bullet penetrated his heart. Anderson gave himself up.

No Oil Combine Found.

Washington, March 16.—After more than a year of investigation into the business of storing and piping crude oil in the Oklahoma fields, the department of justice has found no evidence to substantiate the charge that a combination existed. It was charged that a conspiracy existed among the pipe line companies, in violation of the Sherman law.

Gets Ten Years for Bigamy.

Newark, N. J., March 16.—William Wahle, who pleaded guilty some days ago to having married Ellen V. Harvey, of this city, when he already had a wife and children residing in Brooklyn, was sentenced to ten years at hard labor in the state prison at Trenton by Judge Ten Eyck.

Warships After Hunters.

Copenhagen, March 16.—The government is sending warships to Greenland with instructions to arrest foreign walrus hunters, chiefly Americans, who are reported to be killing thousands of walrus annually.
